West Sacramento Deputy Fire Chief hopes to inspire more diverse fire crews as she takes over as Fire Chief in Woodland

By Daniel Wilson

Early in her career, West Sacramento Deputy Fire Chief Rebecca Ramirez, who will take over as the first female fire chief for the Woodland Fire Department on Feb. 27, said she received a compliment that embodied what she and most women desire in their careers.

It came in the form of overhearing an “old timer” on the phone telling someone that she was a woman but that he just considered her a part of the crew.

“That, to me, had always stood out as all I ever wanted,” Ramirez said. “Don’t look at me for my gender or the color of my skin or the way I speak; Look at me as what I can contribute to the organization.”

Ramirez said she has never felt discriminated against as a woman in firefighting. By working as hard as possible and being as selfless and respectable as possible, she feels she’s been able to overcome any barriers she has faced. “I am glad to be represent-

ing women in leadership roles, particularly in roles that are not so typical, [like] the fire service,” said Ramirez, who started her tenure with the West Sacramento Fire Department in 1993. “I think we have struggled in getting women into the fire service as a whole and we need to work on that a little bit. Maybe for people seeing me in that role, some young girls...will realize that fire service is a true opportunity for them.”

Battalion Chief Steve Binns, who’s worked for the West Sacramento Fire Department since 1990, will be replacing Ramirez as deputy fire chief.

As battalion chief, Binns is responsible for working hands-on with the fire crew and running day-to-day operations for the department. In his new role, he’ll work closely with the fire chief to balance budgets, implement new programs and processes and run current programs like consortium training sessions, where all of the county’s fire departments learn to cooperate in preparation for

large-scale emergencies. “It’s just more broad-based, more higher-level looking at things,” Binns said. “I’ve always kind of operated on today and at this [new] level, [I’ll] need to operate more about tomorrow.”

Ramirez said the fire department works diligently to help prepare its staff for the job above them in the case of promotion, so Binns already has some experience with some of

the duties of his new role.

“We’re going to definitely miss her,” Binns said. “We’re on a steep learning curve over the next two or three weeks, [but] she’s still going to be in the county, so we’re going to talk often, I’m sure.”

Some of Ramirez’s contributions to the West Sacramento Fire Department will have a long-lasting impact on the city.

In recent years, she was directly involved with improving the city’s Insurances Services Office rating, which ranks the department on its abilities to provide fire protection services and sets insurance rates for city residents and businesses based on the ranking.

She also worked to secure a \$1.2 million grant in May to purchase Self-Contained Breathing Apparatuses, which are worn on the backs of firefighters and provide them with breathable air while inside a burning building, for the department’s firetrucks.

“She has been an amazing person to work with,” said West Sacramento Fire Chief John

Heilmann. “I think I’ve learned more from her than she’s probably learned from me.”

Ramirez’s new role is part of a restructuring of Woodland’s fire and police departments, which are both currently led by Public Safety Chief Dan Bellini.

With the announcement of his retirement, the city decided Bellini’s position should be eliminated in favor of a more traditional set up, according to a Feb. 2 press release from the city of Woodland. The fire and police chief positions were previously combined following cutbacks as a result of the 2008 economic downturn.

“I think it’s good for the county and good for the fire department,” Heilmann said. “I think everyone will benefit in the end.”

Ramirez found out about her new position in early February. “It was very exciting to find out about it and I was a little overwhelmed by it,” Ramirez said. “The support and the en-

Medical and Commercial Marijuana Outdoor Cultivation Now Allowed in Yolo County

By Jan Dalske for the News Ledger

The outdoor cultivation of medical marijuana is permitted in Yolo County. But, there are conditions in place that will address neighbor complaints, limit harmful environmental impacts and protect the patient’s access to medical marijuana. Only qualified patients can cultivate medical marijuana, and it must be for personal use only. Up to six non-medical marijuana plants may be grown by adults (ages 21 and older) in their own residence, subject to all applicable restrictions contained in Proposition 64.

Regardless of the number of qualified patients that reside on the property, who participate either directly, or indirectly in or benefit from the cultivation, the 100 square feet limitation is imposed. This area, per legal parcel, cannot not exceed the 100 feet limit whether or not the

plants are at full maturity. Cultivation can be for personal medical use only. It cannot be sold, distributed, donated or provisioned to any other person or entity.

Commercial cultivation is allowed by permit and requirements and restrictions apply. Non-medical marijuana commercial activities are illegal until the State begins issuing licenses to operators in 2018. Currently, the Central Valley Regional Water Quality Control Board (CVRWQCB) issues a permit. Any garden canopy must be between 1,000 and 43,560 square feet. Cultivation by permit of less than 1,000 square is prohibited. Cultivators must be a lessee of the property, or the record owner.

There is a provision of written consent to reasonable on-site compliance inspections. The grower must agree to indemnify and hold harmless the Yolo County. Those owning, leas-

ing, occupying of having charge of the property who have been convicted of certain felonies in any jurisdiction are prohibited from cultivating medical marijuana in Yolo County.

Participation in a local track and trace program in required by Yolo County. This program is designed to track the movement of medical cannabis through each step of the supply chain, as well as trace the product back to its origin. This is a technology that is known as “track and trace”. By doing this the county can be assured that the medical cannabis grown in the county complies with local and state laws.

This program is critical to demonstrate that the county’s medical cannabis regulatory program incorporates principles that are important to local and federal law enforcement laws. These include the distribution of cannabis to minors, preventing the diver-

sion of cannabis to other states, preventing cannabis from supporting criminal enterprises and preventing the growing on cannabis on public lands.

The track and trace solution uses secure stamps combined with software and information-based security. The secure stamps are a proven method of providing track and trace functionality, fighting counterfeiting, and allowing for data collection and business intelligence. After a cultivator harvests and packages their crop, they apply a traceable, counterfeit-resistant stamp to the packaging.

The stamp includes a QR code and unique stamp number that is coded with information about the product. This includes size, strain, grower and more. As the package passes through the supply chain from cultivator to manufacturer to distributor to

Please Stay Off Levees

The City of West Sacramento is asking for the public’s help in keeping vehicles off levees surrounding the City.

There have been several incidents of trucks, cars and motorcycles driving up and down the sides of levees causing deep ruts which can lead to severe erosion during periods of heavy rain. In addition to potentially compromising the integrity of these levees, it increases the cost of maintenance. Reclamation District 900 crews have been inspecting West Sacramento levees 24/7 and report no issues, aside from this vandalism.

Please be vigilant. If you see any suspicious activity on or around our levees, call the West Sacramento Police Department at 372-3375.

Other than on city roadways, vehicular traffic on top of or along the sides of levees is illegal, dangerous and should be reported immediately. Violators face prosecution for driving an unauthorized motor vehicle on a levee.

Obituary

Lorn W. Frederickson
August 5, 1934 – February 14, 2017

Lorn W. Frederickson passed peacefully at the age of 82 on February 14, 2017 in West Sacramento, California where he lived for over 60 years. Born in St. Helena, in his early years Lorn was a resident of Lower Lake California. He graduated from Clarksburg High School where he was a star of the baseball team. In 1956 he married the love of his life Betty Eckhardt, and then went to work in the family trucking business Frederickson Tank Lines (FTL). During his 35-year tenure with FTL he helped grow the business from 6 to 48 trucks, spanning three locations. Lorn spent many years coaching Little League, girl's softball, and always loved watching his grandchildren and great grandchildren play sports. As a great outdoorsman Lorn enjoyed hunting, boating, and fishing. He was also an avid Oakland A's fan. Lorn was preceded in death by his loving sister Crystal. He is survived by his wife of 60 years Betty, his sister Ginger, daughter Kelly and son Gary (Shelly). Lorn is also survived by grandchildren Brandon (Kelly), Casey (Amanda), Holly (Steve), Corey (Janine), William, Mary, 6 great grandchildren and several nieces and nephews, especially Cousin Karen. Gravesite services were held at Lower Lake Cemetery on Tuesday, February 21, 2017. Remembrances can be made to Our Lady of Grace School.

Yolo DA Neighborhood Court Program Hosts Presentation by Lisa Baker of Yolo County Housing

The Neighborhood Court program will be hosting a presentation by Lisa Baker of Yolo County Housing, Yolo County District Attorney Jeff Reisig announced. This presentation will be open to the public, and will provide interested community members with a chance to learn more about the challenges and realities of affordable housing in Yolo County, as well as the resources available for those in need. Baker previously presented on this top to NHC volunteers on July 12, 2016, in West Sacramento, and on

Sept. 20, 2016, in Woodland. After the presentation NHC volunteers became better informed and educated about the state of affordable housing and resources available within their community. While this information was beneficial to volunteers seeking restorative options for participants who may be experiencing financial hardship or housing insecurity, many also felt it was information that would benefit the greater community as a whole. Encouraged by this feedback, NHC staff and Baker decided to open

this informational experience to the public, so that all who are interested might benefit. Those interested in learning more on this subject are encouraged to attend: Wednesday, Feb. 22 in the Community Room at the Davis Police Department (2500 6th St.), from 6 to 8 p.m. Light snacks will be provided, and there will be a question and answer period following the presentation. Please direct any questions or concerns to NeighborhoodCourt@yolocounty.org or call 530-666-8378.

Tuleyome Provides Events and Volunteer Opportunities for the Public

By Jan Dalske
for the News Ledger

Tuleyome is a Woodland-based nonprofit conservation organization. They have partnered with the University of California’s extension program to teach members of the public how to become “Certified California Naturalists”. Their goal is to inspire members of the public to protect, restore, and enjoy landscape in the Northern Inner Coast Range region.

No advanced degrees or previous naturalist experience is required. The program will launch in 2018 at the Woodland Public Library. If you are interested you can sign up for their mailing list at www.tuleyome.org.

Tuleyome was founded in 2002 as a volunteer advocacy-oriented nonprofit conservation organization. The organization serves communities mainly throughout Yolo, Lake, Napa, Mendocino, Solano, Glenn, and Colusa counties. They also do outreach in Sacramento County. Tuleyome spearhead-

ed the formal California State Wild and Scenic River designation for upper Cache Creek. They worked with Senator Barbara Boxer to designate Cedar Roughs and Cache Creek Wilderness Areas and additions to the Snow Mountain Wilderness.

In 2015, they were successful in permanently protecting the Berryessa Snow Mountain region as a National Monument. This was considered to be one of Tuleyome’s most significant accomplishments. The National Monument encompasses over 330,000 acres of federal public lands which include the core areas of the Cedar Roughs, Cache Creek, and Snow Mountain Wilderness.

This area includes over 65,000 acres of road-less area, and the critically important connecting migratory corridors that link them together. The region will become an important ecological addition to the National Conservation Lands.

At Tuleyome, they believe that everyone de-

serves access to the outdoors, and their nationally award winning program “Home Place Adventures” encourages people of all ages to become more connected to and involved with the natural world that surrounds all of us. In 2012, the HPA Program was nationally recognized. It won the National “Kids and Trails Award”.

In 2014 they launched the “Nature and You” lecture series in partnership

with Yolo County Library. This partnership helps to educate the public about the local natural environment and introduces them to the scientists and businesses who work directly in this field.

With their community partners they continue to expand the program with the publication of educational books for adults and children that are based on their popular “Tuleyome Tales” newspaper feature articles and

the “Species Guide to the Berryessa Snow Mountain Region”. They have recently added trail guide books and an adult coloring book to their list. All of the books are available at www.Lulu.com

Tuleyome is continuing to provide a variety of events and volunteer opportunities for members of the public this year.

Upcoming events and volunteer opportunities include:

· Feb. 25: volunteers are invited to help with trail work in Napa County with Eric “Bam Bam” Barnett.

· March 5: Tuleyome will lead a hike on the Frog Pond Trail.

· March 23: Bob Sommer, co-author of the Field Guide to Mushrooms of Western North Ameri-

ca, will be speaking about local species of mushrooms and some of the best places for mushroom hunting in the region

Additionally, Tuleyome, along with the Napa Parks and Open Space District, will be hosting a 2-day camp-over “Wilderness First Aid” course, taught by Foster Calm in April of this year. Space is limited for the course, and sign-ups close on March 25.

Additionally, Tuleyome has partnered with the University of California’s extension program

to teach members of the public how to become “Certified California Naturalists”. No advanced degrees or previous naturalist experience is required. The program is slated to launch early next year (at the Woodland Public Library), but interested parties can sign up now to get on the mailing list for updates about costs, program content and registration requirements.

For more information about Tuleyome’s events, programs and volunteer opportunities, see their website at www.tuleyome.org.

Nursery’s crab feed raises funds for at-risk children

Tickets are selling like crab cakes for the Yolo Crisis Nursery’s fundraising crab feed March 17 at the Woodland Community and Senior Center, the event organizers announced this week.

The Fifth Annual “Krustaceans for Kids” Crab Feed will begin at 6 p.m. with a no-host wine and beer bar. A sit-down dinner is served at 7 p.m. Tickets can be purchased for \$45 apiece at www.yolocrisisnursery.org or by calling Karen Adams, Yolo Crisis Nursery board member, at (530) 220-4733.

All proceeds support the crisis nursery’s mission of providing early intervention services to nurture healthy and resilient children, strengthen parents, and preserve families. The crab feed is the nursery’s major benefit event of the year.

“By attending this event, you help protect our county’s youngest, most vulnerable children and support our at-risk families,” said Nancy Storm, co-chair of the Friends of the Yolo Crisis Nursery, who are organizing the event.

“Plus, our crab feed is always lots of fun, with a buzz of energy and good feeling,” she said. “We’re looking forward to even more energy this year, as we’re moving to a bigger venue. The event has outgrown the Veterans Memorial Center in Davis.” Storm said the group has already sold more than 300 tickets and hopes to reach 500.

“Also, 22 businesses and individuals already have signed on as sponsors, led by Premier Sponsor Sutter Health,” she said. “This is the hottest ticket in town.”

Sponsorships, also available for purchase online, start at \$500. A sponsorship, which comes with complimentary tickets, is a great way to entertain friends, family and business associates, Storm said.

This year, the Friends have enhanced the benefits for at the King Crab (\$2,500) level. Three groups — Dr. James W. Childress dentist-

Nursery staff members and guests enjoy social-media photo props at the 2016 Crab Feed. From left are Bonnie Fee, Connie Cordero, Adam Turner and Heather Turner.

ry, Lyon Cares Foundation/ Lyon Real Estate, and Davis Firefighters Local 3494 — have already signed on as King Crab sponsors, and will reap publicity benefits. They’ll also enjoy a table for 12, complimentary wine, and preferred parking, Storm said.

Other sponsorship levels include Blue Crab (\$1,000), with a table for eight, and Snow Crab (\$500), with a table for 4. Each includes complimentary wine and recognition in the event program and post-event publicity.

Following are questions and answers about the event:

I’ve never been to a big crab feed. What’s it like?

We can’t speak for all of them, but at ours, get ready for a good time. As you enter, we’ll direct you to our no-host Wine and Beer Bar. (We take credit cards and checks, but cash is quickest.)

With a drink in hand, you can chat with friends. Or check out the Silent Auction and Raffle tables. Maybe visit the Social Media Photo Station (fun props available) and get goofy.

We’ll have the dinner tables set for the feast. You’ll find a bib at every place setting.

Volunteer servers will bring platters of cracked crab to your table, along with bowls of pasta with red sauce, Caesar salad plus bread. We’ll have plenty of melted butter, cocktail sauce and lemons at hand.

Don’t be shy about asking for more food. It’s all-

you-can-eat, after all.

During dinner, you can visit the Wine and Beer Bar to replenish your drinks. Volunteer bartenders will be standing by.

As dinner ends, we’ll begin a fast-paced live auction of unique desserts. The ebullient Dr. John Chuck will reprise his role as auctioneer. If you’re one of the winning bidders, you can enjoy your dessert at your table or take it home. Last year, Realtor Kim Eichorn’s famous carrot cake sold for \$760 and quickly disappeared at the winner’s table.

We’ll finish up by announcing raffle winners and conducting a brief live auction of our biggest and best auction items.

You’ll go home with a full belly and, if you’re lucky, an item you’ve won in an auction or raffle. You can also go home with the knowledge that your participation (i.e. your dollars spent) ensures the continuation of the Yolo Crisis Nursery’s proven programs for at-risk children and families in our county.

I went last year. Is anything new about this year’s event?

Yes, the location. We outgrew the Veterans Memorial Center in Davis, so we’re moving a few miles north to the Woodland Community & Senior Center. It’s much newer and bigger. The bar, auction and raffle tables, and dining tables will all be in one big room, with space left-over to move about. Also, there is plenty of well-lit

and secure parking. If you haven’t been to this facility before, you’ll be impressed by what you find.

Are children invited?

This is more a leave-the-kids-with-a-babysitter-and-enjoy-yourself kind of evening.

Will I have to wear the crab bib?

No, you will be free to be as messy as you like.

This year’s crab feed is on St. Patrick’s Day. Will you have green beer?

Maybe!

Will there be any long, boring speeches?

No, no and no.

Will the evening be lively and fun?

Yes, yes and yes.

The Yolo Crisis Nursery began in 2001 as a child-abuse prevention program. An independent 501(c)(3) nonprofit organization, the nursery serves families from all over the county. In 2015-16, Woodland residents accounted for 43 percent of families

served; West Sacramento, 32; Davis, 10; Winters, 8; and other areas, 7. About 98 percent are low-income and MediCal-eligible.

For more information, please email friends@yolocrisisnursery.org or phone Karen Adams at (530) 220-4733.

ORDINANCE 17-1

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF WEST SACRAMENTO AMENDING SECTION 10.04.060(A) AND CHAPTER 10.24 CONCERNING PARKING, AND ADDING CHAPTER 10.26 CONCERNING PARKING METERS
The City Council of the City of West Sacramento does ordain as follows:
Section 1. Purpose and Authority. The purpose of this ordinance is to amend Section 10.04.060(A) and Chapter 10.24, and to add Chapter 10.26 of the Municipal Code. The City Council enacts this ordinance in accordance with the authority granted to cities by state law.

Section 2. Amendment of Section 10.04060(A). Section 10.04.060(A) of the West Sacramento Municipal Code is hereby amended to include the following additional definitions, to be inserted in alphabetical order:
"Parking meter" means any mechanical device or meter not inconsistent with this title placed or erected for the control or regulation of parking by the authority of this title.

"Parking meter space" means any space within a parking meter zone, adjacent to a parking meter or controlled by a pay-by-space or pay-and-display machine, which is duly designated for the parking of a single vehicle by lines painted or otherwise durably marked on the curb or on the surface of the street.
"Pay-by-space/pay-and-display machine" means any mechanical/electronic device or mechanism not inconsistent with this title placed or erected for the control or regulation of multiple parking meter spaces by the authority of this title.

Section 3. Amendment of Chapter 10.24. Sections 10.24.020, 10.24.120, and 10.24.270 of the West Sacramento Municipal Code are hereby amended as follows:
10.24.020 Stopping or parking—Where prohibited.
No person shall stop, park or leave standing any vehicle, whether attended or unattended, except when necessary to avoid conflict with other traffic or to comply with the direction of a peace officer or official traffic-control device: **A.** In any area established as a no-parking area when such place is indicated by appropriate signs or marking, except that a bus may stop at a designated bus stop;

B. On any street or highway where the use of such street or highway or a portion thereof is necessary for the cleaning, repair or construction of the street or highway or the installation of underground utilities, or where the use of the street or highway or any portion thereof is authorized for a purpose other than the normal flow of traffic, or where the use of the street or highway or any portion thereof is necessary for the movement of equipment, articles or structures of unusual size, and the parking of such vehicle would prohibit or interfere with such use or movement, provided that signs giving notice of such parking restrictions are erected or placed at least twenty-four hours prior to the effective time of such restriction;
C. At any place within twenty feet of a marked crosswalk when such place is indicated by appropriate signs or markings, except that a bus may stop at a designated bus stop;
D. Within twenty feet of the approach to any traffic-control signal, stop or yield sign or flashing beacon when such place is indicated by appropriate signs or markings, except that a bus may stop at a designated bus stop;
E. Upon any sidewalk of any street.
F. Within an intersection, except adjacent to curbs as may be permitted by this ordinance;
G. In front of a public or private driveway, except when otherwise authorized by law.

10.24.120 Time limit parking zones. When authorized signs have been placed by the City Manager or his or her designee, giving notice thereof, no person shall stop, stand or park any vehicle in a business district or on any street designated by resolution during the days and hours indicated on such signs for a period of time longer than the time limit specified on such signs.
10.24.270 Administrative Review. The procedures to be followed in hearing any contested parking violation or notice of a delinquent parking violation shall be as set forth in the City's adopted parking citation review and appeal procedures administrative policy.

Section 4. Addition of Chapter 10.26. Chapter 10.26, concerning parking meters, is hereby added to the West Sacramento Municipal Code to read as follows:
Chapter 10.26 PARKING METERS
10.26.010 Parking meter zones designated.
The following traffic districts are here-

by designated as parking meter zones:
1. The Bridge District;
2. Washington District; and
3. Civic Center District.

10.26.020 Authority to install meters and pay-by-space/pay-and-display machines.

The City Manager, or his or her designee, may install, or cause to be installed, parking meters, pay-by-space machines and/or pay-and-display machines in all parking meter zones established by this code or hereafter created by the city council in such numbers and in such places as, in the City Manager's or his or her designee's judgment, may be necessary for the regulation, control, and inspection of the parking of vehicles therein.
10.26.030 Parking meter and pay-by-space/pay-and-display specifications.
A. Each parking meter shall be so set as to display a signal showing lawful parking upon the deposit of the appropriate United States legal tender or credit card.
B. Each parking meter shall be so arranged that upon the expiration of the lawful time limit it will indicate by a proper visible signal that the lawful parking period for the adjacent parking meter space has expired and in such cases the right of such a vehicle to occupy the space shall cease.
C. Each pay-by-space or pay-and-display machine shall conspicuously display the applicable parking rates and instructions on use of the machine.

10.26.040 Maximum parking time limits in meter zones.
The maximum parking time limits within designated portions of the parking meter zone shall be as provided by this title or other ordinances, and shown by proper signs erected and maintained.
10.26.060 Parking meter rates.
The rates for parking in a parking meter zone shall be established by ordinance. Parking or standing a vehicle in a parking meter space is lawful for the period of time corresponding to the monetary amount deposited or paid for that space.

10.26.070 Parking meter and pay-by-space/pay-and-display machine hours of operation.
Parking meters and pay-by-space/pay-and-display machines shall be operated in the parking meter zones every day between the hours of eight a.m. and ten p.m. The City Manager, or his or her designee, may, after conducting parking surveys, determine that other hours of operation will facilitate the control of parking and may place signs indicating hours of operation other than between eight a.m. and ten p.m.
10.26.080 Operation of meters and pay-by-space/pay-and-display machines.
A. When any vehicle is parked in any parking meter space, the operator of the vehicle shall, immediately after entering the parking meter space, deposit or cause to be deposited either in the meter or machine controlling the space or through an authorized technology platform, the proper legal tender as is required by Section 10.24.060 for the parking meter space. The operator of the vehicle, after the proper deposit, shall also set in operation the timing mechanism on the meter or machine, if any, in accordance with directions properly appearing thereon. Failure to make a proper deposit and to set the timing mechanism in operation and, if applicable, failure to place the parking receipt on the vehicle dashboard as prescribed, shall constitute a violation of this title.
B. Upon the proper deposit of legal tender and the setting of the timing mechanism in operation and, if applicable, the placement of the parking receipt on the vehicle dashboard, the parking meter space may be lawfully occupied by the vehicle during the period of time which has been prescribed for the part of the street in which the parking meter space is located. The occupant of the space shall not be required to deposit additional payment so long as the occupancy of the space does not exceed the indicated unused parking time. When an oversized vehicle occupies more than one space, a proper deposit shall be made for each of the spaces.

10.26.090 Overtime parking in meter zones.
A. Where any section of this article, or any sign posted pursuant to the provisions of this chapter, limits parking in any space in a given parking meter zone to a stated period of time during designated daily hours of operation, a vehicle shall be considered in violation of that restriction if it parks in any space within the same parking meter zone during the daily hours of operation for longer than the stated time period.
B. The display of a signal showing illegal parking during the hours of operation for any parking meter while a motor vehicle is parked in a space adjoining the parking meter shall be prima facie evidence that the motor vehicle has been parked overtime and beyond the lawful parking period.
C. A pay-by-space or pay-and-dis-

play parking machine indicating that the lawful parking time has expired, during the hours of operation for any pay-by-space or pay-and-display machine, while a motor vehicle is parked in a space controlled by that pay-by-space or pay-and-display machine, shall be prima facie evidence that the motor vehicle has been parked overtime and beyond the lawful parking period.

10.26.100 Extending parking meter or pay-by-space/pay-and-display machine time over maximum allowed.
Parking or standing a vehicle in a parking meter space shall be lawful up to the maximum time indicated on the parking meter, on the pay-by-space or pay-and-display machine, or on posted signs. No person shall deposit in a parking meter or pay-by-space/pay-and-display machine or through any authorized technology platform any legal tender for the purpose of extending the parking time of a vehicle beyond the designated maximum time allowed for parking.

10.26.110 Defacing, destroying, etc., meters and machines.
No person shall deface, injure, tamper with, open or willfully break, destroy or impair the usefulness of any parking meter or any pay-by-space or pay-and-display machine installed under the provisions of this title.
10.26.120 Citations for parking meter violations.
Each police officer or parking enforcement officer shall take the number of any parking meter space at which any vehicle is parked in violation of this chapter, the state license number of the vehicle, and the time and date of the violation. The police officer or parking enforcement officer shall then issue, in writing, a citation for illegal parking in the form and subject to the procedure provided for by law and the city code applicable to parking violations within the city.

10.26.130 Use of parking meter and machine funds.
The money required to be deposited in parking meters and pay-by-space/pay-and-display machines or through any authorized technology platform as provided in this chapter is hereby levied and assessed as fees to provide for the proper regulation and control of traffic upon the public streets, to provide for public vehicular off-street parking facilities, and to cover the cost of the supervision, inspection, installation, maintenance, control, and use of the parking spaces and regulating parking of vehicles in the parking meter zones.

Section 5. Severability. If any provision of this ordinance, or the application of any such provision to any person or circumstance shall be held invalid, the remainder of this ordinance, to the extent it can be given effect, or the application of those provisions to persons or circumstances other than those as to which it is held invalid, shall not be affected thereby, and to this end the provisions of this ordinance are severable.
Section 6. Effective Date and Publication. This ordinance shall take effect 30 days after its adoption, and pursuant to Resolution 99-46 was published in summary format prior to adoption, and a summary will be published within 15 days after adoption in a paper of general circulation published and circulated within the City of West Sacramento.

PASSED AND ADOPTED by the City Council of the City of West Sacramento this 15th day of February, 2017, by the following vote:
AYES: Johannessen, Ledesma, Orozco, Sandeen, Cabaldon.
NOES: None.
ABSENT: None.
ABSTAIN: None.

You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. **NOTICE TO PROPERTY OWNER:** The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. Arthur F. Turner Community Library Welcomes New Family Hui Program

The Yolo County Library is again partnering with Family Hui, a nonprofit organization, to bring mindful parenting on Fridays starting Feb. 24 from 12:30 to 2 p.m. at the Arthur F. Turner Community Library, located at 1212 Merkley Ave. in West Sacramento.

In traditional Hawaiian culture, families support each other and share experiences in a cooperative group, known as a Hui, which is a valuable way for families and communities to unite and work together for a shared purpose.

For 12 weeks families with children ages 0-5 are welcome to attend this free program that supports, encourages and celebrates the joys of parenting while also teaching how to address parenting stress in healthy ways. There will also be opportunities to share positive parenting and early learning or child development experiences with each other. In addition, participants will receive a tour of the branch, learn about available resources, and be able to sign up for a library card.

The Yolo County Library supports families of all shapes and sizes in our communities and partnerships with organizations such as Family Hui and First 5 Yolo. This program is made possible by a First 5 Yolo community grant. For more information about this program, contact Regan Overholt at: 530-867-1426. Visit the Yolo County Library at: www.yolocountylibrary.org or connect with the Yolo County Library on Facebook at: www.facebook.com/yolocountylibrary.org.

Community meeting on local festivals and their attraction economy-wise to be held at Raley Field

Are you interested in leveraging creative initiatives – riverfront development, music festivals, our growing arts scene—to attract people and business to the Greater Sacramento region? The Greater Sacramento Economic Council presents a “free-of-charge” consensual event open to the community on Wednesday, March 8 from 4 to 7 p.m. that will discuss transforming Greater Sacramento’s visitation economy. To be held at the Western Health Advantage Legacy Club at Raley Field

The program will feature experts from the San Antonio Riverwalk, music festival industry, and creative economy to share their perspectives and discuss a variety of strategies for boosting our region’s visitation economy. Leisure travel represents 69 percent of all travel spending in the United States. While under-appreciated, music festivals, the arts, and urban parks represent growing attractions to these travelers. The panel will share their insights into each of these innovative travel draws.

The public is welcome to learn more about successful visitation hubs and help us explore new, creative initiatives that can attract people and business to our region.

The event will feature:

Clay Nutting
Art Advocate and Restaurateur
Among his many ventures, Clay is a restaurateur and cofounder of M5 Arts - the arts collective responsible for Art Hotel and ArtStreet

Christopher Thornberg
Founding Partner of Beacon Economics, LLC
A nationally recognized economist, Christopher has conducted major evaluations of the economic impacts of music festivals

Maggie Thompson
Executive Director of the Paseo del Rio Association
“The San Antonio River Walk”
As the Executive Director of the Paseo del Rio Association, Maggie promotes and supports the #1 tourist attraction in Texas

About Conversations with the Community
The Greater Sacramento Economic Council hosts bi-annual Conversations with the Community to create opportunities for investors and the broader public to connect with key thought leaders, hear updates on our strategic initiatives, discuss issues relevant to our region, and collaborate as we build an advanced economy in the Sacramento region.

West Sac PD Offers a Safe and Secure Exchange Location

By Michele Townsend

Break ups and divorces are always emotional, but when there are children involved it often elevates those emotions ten fold. Even when custody orders are in place it's not always as simple as just handing off the kids. Emotions flare, challenges arise, and all too often what should be a simple and civil handoff of the children, ends up volatile and hostile. This sometimes ends with two parents fighting in front of the children. In Yolo County, if the terms of a custody agreement are not being followed, the Child Abduction Unit, in Woodland, are the ones who enforce those terms. However, the city police frequently get dispatched to civil stand-by calls, because one or more people are in fear of just such a situation. Though the Police are in fact here to protect and serve, and they do their best to do that, many times they must prioritize their time. Civil Stand-by calls usually fall low on the priority list. This is in not to say that they think your children are low priority! They simply often have other situations occurring that must be attended to first. For this reason, the response time for a civil stand-by call is completely unpredictable.

West Sac PD does in fact care about the citizens of our town, and to help with this situation they have created a “Safe and Secure” exchange site. As of February 14th, they have designated two specific parking spots in front of the Police Departments that are under 24 hours video surveillance. These spots are clearly marked with reflective signs that indicate their use. Though the entire parking lot of West Sac PD is under video surveillance, these two spots are best covered, with the best view. In addition to hoping that this exchange spot will reduce crime in an exchange scenario, they are also hopeful it will minimize disputes during child custody exchanges.

This area is not strictly for custody exchanges. Many people engage in private sales of items over the internet. There is always a risk involved when engaging in this situation. According to the National Crime Prevention Council California is first in the country in reports of cyber and Internet connected crimes. Though the responsibility falls on the individuals to protect themselves and their families through safe online practices, the West Sac PD is encouraging you to complete the transfer of items that are not being sent through the mail, at the safe and secure exchange location. The Internet Crime Complaint Center (ic3), a group that is partnered with the FBI, Department of Justice and the White Collar Crime Center suggests that when you are conducting business online, be wary of PO Box numbers. Request a street address if dealing with a business, and when dealing with an individual

Police Log

Compiled by:
Monica Stark
The news items below are collected from police dispatchers’ notes and arrest reports. The information in them has often not been verified beyond the initial reports. All suspects are presumed innocent until proven guilty.

Reporting date and time: Feb. 16 at 1:50 a.m.
Location of incident: 900 block of Poplar Avenue
Officers were dispatched regarding a possible domestic violence violation. The victim stated the suspect went to grab the phone from her left back pocket. The victim placed her hand on the phone to prevent the suspect from stealing her phone and the suspect forcefully took the phone out of her hand. The suspect fled prior to police department arrival. At about 1:43 a.m., officers were dispatched to a 911 hangup from a male at the victim’s residence requesting police response. When officers arrived on scene, the suspect was located on the side yard of the residence. A fixed blade knife was located near the suspect at the time of the arrest. The suspect admitted to grabbing the victim’s phone from her hand after Miranda. The suspect also admitted that the knife was his. The suspect is on searchable pro-

bation with a condition that he not be in possession of any weapons. The suspect was arrested on multiple violations.

Reporting date and time: Feb. 16 at 4:22 p.m.
Location of incident: 600 block of Cummins Way
The suspect was contacted during a suspicious circumstance call where a subject was seen stealing property in the area. Another officer was on a call at the same time regarding a stolen leaf blower. One of the officers contacted the suspect who was found to have an orange and black leaf blower he claimed to have just sold to the resident at that residence. The officer contacted the victim who stated that his leaf blower was stolen and the suspect was arrested and the probation officer authorized a flash hold.

Reporting date and time: Feb. 15 at 9:40 a.m.
Location of incident: C and 2nd streets
Two suspects arrested for illegally camping.

Reporting date and time: Feb. 15 at 2:58 p.m.
Location of incident: 500 block of Jefferson Boulevard
Suspect was loitering about the rear employee dock. He verbally identified himself with

a false name. The officer attempted to detain him, but he fled. After a brief chase, the suspect was restrained and handcuffed. The suspect admitted he gave officers the false name and his true name revealed multiple outstanding warrants.

Reporting date and time: Feb. 14 at 8:44 p.m.
Location of incident: 1500 block of West Capitol Avenue
Individual was stopped for jaywalking and then a records check revealed an outstanding bench warrant out for his arrest.

Reporting date and time: Feb. 14 at 6:44 p.m.
Location of incident: West Capitol Avenue and Harbor Boulevard
Suspect was standing in the roadway, obstructing traffic and when stopped by police, he was found to have multiple outstanding warrants.

Reporting date and time: Feb. 14 at 12:01 a.m.
Location of incident: 500 block of Jefferson Boulevard
Suspect was yelling and causing a disturbance. She was under the influence of an uncontrolled substance and could not care for herself. She was arrested for public intoxication.

Reporting date and time: Feb. 14 at 10:54 p.m.
Location of incident:

West Capitol and Poplar avenues
Suspect was riding his bike against traffic and without a bike light during the hours of darkness. The officer conducted a traffic stop and a records check revealed he was on probation and his terms listed he shall not possess weapons. The officer located a fixed blade knife with about an approximate 4-inch blade within a sheath fully concealed within his right front pocket. The knife was a readily accessible weapon. The officer then located about .4 grams of meth in a zip-lock bag within his right hand. The suspect was handcuffed and transported to jail.

Reporting date and time: Feb. 14 at 5:57 p.m.
Location of incident: 1000 block of Sacramento Avenue
Suspect was visibly under the influence of narcotics and had a glass smoking pipe and a usable amount of meth on her person. The suspect was booked into jail.

Reporting date and time: Feb. 14 at 2 p.m.
Location of incident: 400 block of Poplar Avenue
Suspects were found hopping over backyard fences and were running away. Upon locating the two fleeing subjects, they were identified and were found to be in possession of meth and a glass smoking pipe with meth residue.

Reporting date and time: Feb. 13 at 10:31 p.m.
Location of incident: 1500 block of Sacramento Avenue
Suspect approached a suspect vehicle during a vehicle stop multiple times despite officers ordering him to stay away. The suspect approached the vehicle and talked with the occupants no less than three times against officer’s orders. After being ordered to leave the area a third time, the suspect walked around a corner out of sight. A passerby stopped to inform officers that the suspect was walking in front of cars trying to stop them. The suspect later stated to officers he was trying to stop the cars because he thought his brother was in them. The suspect approached the suspect vehicle a final time against officer’s directions and was arrested without further incident. The suspect displayed objective signs of intoxication by meth including: dilated pupils, uncontrollable fidgeting, disordered thoughts, an inability to follow directions or answer questions, unnecessary sweating and in coherent rambling. The suspect after being read his Miranda rights stated that he did try to stop cars on the street and had used meth the day before. Based on these observations, the suspect was arrested for being under the influence of meth and un-

able to care for himself and others.

Reporting date and time: Feb. 13 at 3:25 p.m.
Location of incident: 500 block of Jefferson Boulevard
Suspect was in the lobby of the police department and had an active felony warrant. The suspect was taken into custody without incident.

Reporting date and time: Feb. 13 at 8:30 a.m.
Location of incident: 2000 Town Center Plaza
Suspect was exposing himself. The officer made contact and found the subject to be under the influence of alcohol, had blood shot water eyes, was stumbling around and had the smell of alcohol. He was placed under arrest for public intoxication. On his person were two beer bottles which were taken from the store. It was determined that the subject was defecating in front of the store, just feet from where a woman and children were walking. The suspect was found to have a warrant out for his arrest.

Reporting date and time: Feb. 12 at 3 p.m.
Location of incident: Harbor Boulevard and Highway 50
Male was observed walking in traffic and was found to be too intoxicated to care for himself, so he was arrested and booked into Yolo County Jail.

If it is not, it might be safer to go elsewhere. However, if all checks out, meeting at a safe and secure exchange site could detour any bad intentions. Though the safe and secure site is not fool proof, the police feel that this may offer a little more security in a potentially dangerous situation. *Please be aware* that there is not someone monitoring that surveillance 24/7, and that the videos are only kept for 30 days! couragement that I’ve received from the city of West Sacramento has been just truly amazing.” West Sacramento City Manager Martin Tuttle said he is confident in Ramirez’s future in Woodland and is proud of the legacy she’ll leave behind in West Sacramento.

the police feel that this may offer a little more security in a potentially dangerous situation. *Please be aware* that there is not someone monitoring that surveillance 24/7, and that the videos are only kept for 30 days! So if you find yourself in a bad situation do not hesitate to call 911, OR *you can run into the lobby of the police department and pick up the red phone.* The red phone connects you directly to dispatch. West Sac Police Sergeant

Roger Kinney stated “If for some reason the person that you are dealing with refuses to meet at a safe and secure location site, always be sure that you meet in a very public place where there are a lot of people... preferably somewhere that has video surveillance, such as Raleys. If you don’t know if there is video surveillance, ask... or pick somewhere else. Just make sure that there are a lot of people around.” If you find yourself the

victim of an internet crime, you can report it to your local police, or go to www.ic3.gov to file a complaint. Remember to never pay for anything in a internet based private sale with a check or give the out any personal information other than your name and phone number. It is always best to bring someone with you to complete the transactions, use the safe and secure exchange site.... And remember the red phone! Be diligent and stay safe everyone!

“Chief Ramirez is a pioneer in fire service and a great role model for women who are pursuing a career in fire,” Tuttle said. “She’s done a great job for us. Her appointment of Woodland expands West Sacramento’s fire department. That’s good, I think in terms of cooperation with other departments.” Though it will take a while to assess where improvements need to

be made and how to approach them, Ramirez said the crew at the Woodland Fire Department will help make the transition a smooth one. “They’re a very dedicated group, who’s committed both organizationally and on an individual level to the citizens,” Ramirez said. “Their culture is solid, their firefighting skills are solid and the city philosophy is very

supportive of the fire department.” Tuttle said he thinks the West Sacramento Fire Department’s deputy fire chief role is being left in good hands with Binns. “He’s outstanding,” Tuttle said. “The department won’t miss a beat. We’re going to miss Ramirez, but to her credit, there’s a lot of folks who can step into leadership positions.”

Solo vehicle collision resulted in fatality
On Feb. 13 at about 10:15 a.m., the California Highway Patrol dispatch began receiving calls of a traffic collision. Officers assigned to the CHP Woodland area responded to the collision scene, Interstate 80 eastbound, east of Mace Boulevard. Upon the officers arrival, they located a solo vehicle collision that resulted in a fatality. A Nissan was traveling eastbound on Interstate 80, east of Mace Boulevard. For an unknown reason, the driver of the Nissan lost control of the vehicle, at which time the vehicle left the roadway. The Nissan continued traveling in a south-easterly direction where it collided with a tree. As a result of this collision, the driver succumbed to the injuries she sustained. The collision remains under investigation. It is unknown if alcohol or drugs are a factor in this collision.

Feb. 23: West Sac School Gardens Spring Tour and Meeting: The West Sac School Gardens Spring Garden Tour + Meeting will start at 1100 Clarendon Street at 5:30 p.m. with a tour of the Westmore Oaks School Garden and Fruit Orchard. Later, they’ll share information on how to get involved in the organization and help keep our community’s school gardens growing. For more information, visit Facebook page, or call Stacy Grow at (916) 270-7058.

Feb. 24: CHP Woodland area and Winters PD offers free “Start Smart” class: The leading cause of death for Americans 15-20 years old is motor vehicle collisions. In an effort to reduce motor

vehicle collisions in California, CHP Woodland Area will offer a free Start Smart class. According to the National Highway Traffic Safety Administration, mile for mile, teenagers are involved in three times as many fatal crashes as all other drivers. Collisions involving teenagers demonstrate the importance of these types of classes. The classes are used to promote traffic safety to both parents and teens. Both parents/guardians and teens are encouraged to attend. The CHP’s Start Smart program is a driver safety education class which targets new and future licensed teenage drivers between the age of 15 and 19 and their parents/guardians. The Start Smart class will cover collision avoidance techniques, driver responsibility, collision trends, distracted driving laws, alcohol related driving laws and the provisional license process. The program also offers an opportunity for new drivers and parents/guardians to ask CHP officers clarifying questions. The class incorporates videos and classroom discussion. The class will be held from 6 to 8 p.m. at the Winters Police Department, 702 Main Street, Winters. Parents/guardians interested in signing up for the class will need to register for the class by calling 530-662-4685. Funding is provided by a grant from the California Office of Traffic Safety through NHTSA. If you have any questions or need additional information, contact public information officer Rodney Fitzhugh at 530-662-4685.

Feb. 25: Moose crab feed: The Men & Women of the West Sacramento Moose, invite the community to their 2017 Crab Feed on Saturday, Feb. 25 at the Moose Family Fun Center at 3240 Jefferson Blvd. for a special evening of music, fun, crab and pasta. Besides having music throughout the evening, the menu will include crab, pasta, Loren Alander’s very own homemade clam chowder, pasta and salad. Tickets are \$45 each or \$85 a pair; and are available from Moose members or at the Moose Lodge at 3240 Jefferson Blvd., which is open at

4 p.m., Monday through Saturday; and all day from 9 a.m. on Sunday during community Sunday breakfast. The Loyal Order of Moose, is a charitable non-profit fraternal organization, popularly known as the “Family Fraternity”, and is a proud sponsor of “MooseHeart” – the ‘City of Children’ and “MooseHaven” the City of Contentment, for senior citizens. For tickets or for information, please call the lodge at 371-9684 or Charlie Ellis at 203-6017; or come by and visit and they’ll answer your questions.

Feb. 28: “River City Democratic Club of West Sacramento meeting on “Resisting the Trump Agenda”: An officially chartered club of the California Democratic Party, the River City Democratic Club of West Sacramento will meet at 6 p.m. at 312 Webster St., West Sacramento. The group will review and discuss “Indivisible: A Practical Guide for Resisting the Trump Agenda.” The guide can be downloaded at <https://www.indivisibleguide.com/>. The group will use this to help decide on plans and activities for 2017. They will also be paying dues for 2017 and electing officers. Community members are invited to attend.

Feb. 28: California Highway Patrol Coffee with a Cop: Officers from the CHP Woodland office, Winters Police Department and community members will come together in an informal, neutral space to discuss community issues, have coffee and build relationships. All community members are invited to attend. The event begins at 10 a.m. at steady Eddy’s Coffee House in Davis. Contact officer Rodney Fitzhugh with questions at rfitzhugh@chp.ca.gov or by calling 530-662-4685. Coffee with a Cop provides a unique opportunity for community members to ask questions and learn more about the department’s work in Yolo County’s neighborhoods. The majority of contacts law enforcement has with the public happen during emergencies or emotional situations. Those situations are not always the most effective times for relationship building with the community and some community members may feel officers are unapproachable on the street. Coffee with a Cop breaks

down barriers and allows for a relaxed, one-on-one interaction. “We hope community members will welcome the opportunity to ask questions, bring concerns forward, or simply get to know our officers,” said Captain C.D. King. “These interactions are the foundation of community partnerships.” Coffee with a Cop is a national initiative supported by the United States Department of Justice, Office of Community Oriented Policing Services. Similar events are being held across the country as local police departments strive to make lasting connections with the communities they serve. The program aims to advance the practice of community policing through improving relationships between police officers and community members one cup of coffee at a time.

March March 1: Deadline for Reservations for Yolo County Women’s History Month Luncheon: The Yolo County Women’s History Month Committee is making final arrangements for the 30th annual Women’s History Month luncheon scheduled from 11 a.m. to 1 p.m. at the Woodland Community & Senior Center, 2001 East Street, Woodland. Reservations and payment must be received by Wednesday, March 1, 2017, unless they sell out earlier. Reservations will not be sold at the door. The theme for the 2017 luncheon, “Honoring Trailblazing Women in Labor and Business” honors women who have shaped America’s history and its future through their public service, and government leadership. Janice Labadie, co-owner of Strelitzia Flower Co., is the guest speaker for the luncheon. The Strelitzia Flower Company is a 40-year-family-owned florist shop located in Davis, California. Prior to Strelitzia, Labadie started a landscape maintenance business while attending American River College, earning an Associate’s degree in Environmental Horticulture in 1977.

Labadie has dedicated much of her time and support to Soroptimist International, a volunteer organization working to improve the lives of women and girls through programs leading to social and economic empowerment. A member of the Davis division of Soroptimist since 1992, Janice has served on numerous committees and as club president. Ultimately, Janice became District Director of the Soroptimist International Sierra Nevada Region in 2006, and was elected Governor of the Sierra Nevada Region in 2012. Labadie is a former volunteer and board member of several nonprofit organizations, including serving on the Davis Art Center Board of Directors, as Ambassador for the Davis Chamber of Commerce, as a member of the Woodland Chamber of Commerce Sugar Beet Queen committee, including the Facilities Use Committee for Davis International House, and Board President of the Yolo County SPCA. The luncheon will be catered by Anderson Family Catering & BBQ of Winters; reservations are \$25 each. For reservations, make checks payable to WHM, and mail to WHM, P.O. Box 711, Woodland, CA 95776. Payment by credit card may be made online at www.ycwhm.org. For sponsorship opportunities, please refer to the website or telephone

Carol Barnett at 530-669-7139. The deadline for the sponsorships is Friday, February 24, 2017. Proceeds from the event will benefit the public libraries in Yolo County for the purchase of women’s history materials. The Yolo County Women’s History Month Committee is a California non-profit 501(c)(3) corporation. For general information about the luncheon, please contact Louisa R. Vessell at 916-451-2113 or 916-799-9932 / lvessell@sbcglobal.net or Katherine Mawdsley at 530-758-5093; or visit www.ycwhm.org.

March 2: Eric Hansen to discuss California’s Endemic giant garter snake at Flyway Nights: Yolo Basin Foundation invites members of the community to Flyway Nights on Thursday, March 2 at 7 p.m. Eric Hansen will be discussing the life history, ecology, and conservation of the giant garter snake in California’s Great Central Valley. The giant garter snake is a federal- and state-listed species endemic to California’s Great Central Valley. Associated with low-gradient streams, wetlands, and marshes of the Valley floor, the giant garter snake is among California’s most aquatic reptiles. The conversion of Central Valley wetlands for agriculture and

urban uses has resulted in the loss of as much as 95% of historical habitat for the giant garter snake. Cryptic and notoriously wary, this species is among the most difficult of California's garter snakes to study, yet ecological information on which to base management and regulatory decisions is urgently needed to guide decision-making. This presentation will provide notes on the habits and ecology of giant garter snakes, discuss the role of land use and water management on their current distribution, and provide insights regarding the steps needed to maintain the species into the future. Attendees will also be provided with a discussion of steps the citizen scientist can take to assist with the recovery of this highly charismatic animal. Eric Hansen is a herpetologist living in Sacramento. Raised and inspired by his herpetologist father, Eric has a lifetime of experience with the giant garter snake. He has worked as an independent consultant and researcher since 1998. Eric specializes in threatened and endangered rep-

tiles and amphibians of the Central Valley. With primary interests centering on conservation ecology, his collaborative projects have covered a range of interests, including population genetics, contaminants and toxicology, demography, and spatial ecology. Flyway Nights is a monthly speaker series highlighting environmental issues, natural history of Northern California wildlife, and current research topics in conservation. Yolo Basin Foundation hosts Flyway Nights the first Thursday of the month from November to April. The Yolo Bypass Wildlife Area Headquarters is located at 45211 Chiles Road. A \$5 donation to support the Foundation's wetland education programs is suggested. Yolo Basin Foundation members are free. For the complete schedule and more information visit www.yolobasin.org/flywaynights or call Yolo Basin Foundation at (530) 758-1018.

March 4: VFW Post 8762 Annual Crab Feed: The public is invited to attend the VFW Post 8762 Annual Crab Feed, located at 905 Drever Street on Saturday, March 4. No-

host cocktails will start at 5 p.m. This crab feed is the post/auxiliary largest fundraiser of the year. Along with lots of succulent crab, the menu also includes salad, dinner rolls and rigatoni with meat sauce. the price remains at \$45 a ticket. After dinner, the "ever so popular" raffle will be held with DJ music to follow. So, along with your appetite, bring your dancing shoes, as well. For more information, call the post at 371-7245.

Ongoing events Friends and Families of suicide loss support group: The effect of a suicide on friends and family can be overwhelming. Survivors of suicide loss often state that no other loss has been as painful or confusing. In a group with others who have shared a similar loss, support comes from exploring, sharing, and clarifying feelings. Individuals are encouraged to consider attending no matter how long ago the suicide occurred. The group meets monthly at Yolo Hospice. There is no fee for this group, funded by the Ladd Clark Memorial Fund and Suicide Prevention of Yolo County. 6 to 7:30 p.m. at Yolo Hospice, 1909 Galileo Court, Davis, 95618.

Yolo County Library's New Books by Mail Service: The Yolo County Library is introducing Books by Mail, a new free service that delivers library materials to Yolo County residents through the mail. This program is designed for residents who have a disability, illness or lack of regular transportation that prevents them from visiting a Yolo County Library

branch. After completing an application and speaking with library staff, residents can request specific materials be mailed to them directly, and may even request library staff to select materials for them based on personal interest. Residents can be sent items such as audiobooks, regular and large print fiction and non-fiction books, international language materials, music CDs, magazines and DVDs in the library's collection. Items will be loaned for four weeks and may be renewed by contacting Books by Mail staff. There is no cost to sign up for this program and no cost to return items, as residents will receive library materials in a reusable canvas book mailer with postage prepaid by the library. Fees will only be charged to a resident to replace damaged or lost items. To learn more about this free service, contact Books by Mail staff at: 530-757-5583 or BooksbyMail@yolocounty.org; www.yolocountylibrary.org; www.facebook.com/yolocountylibrary.org.
